Beauty
that defines agelessness

CREATIVITY is craved by the entire world. An ultimate universal process is a creation, be it a thought or any living thing. Our laminates are created with unique designs filled with creativity. The freshest stock of innovative concocts are gathered here specially for you to enrich your spaces in the most innovative patterned options.

About Us

"First Impression is the last Impression. Inspired by this principle rule of the interior design industry, Durian, a national leader in the furniture market, started this state-of-art facility for manufacturing of decorative High pressure Laminates. Decorative Laminate are used to customize and beautify the surface of plywood and other base materials so as to suite the aesthetics and interiors of any given space.

We have also incorporated a 7-point Quality Control System to ensure that every single one of our laminate sheet goes through seven different quality control check points during its production period. Our consistent and strategic quality control system, all the way from raw material input level to finished goods level has accredited us with ISI 246:1995 certification. Our modern and E-governed management protocols has accredited us with the prestigious ISO 9001 : 2015 certifications. Our ability to minimize harmful effects on the environment and to achieve continual improvement of our environment performance has enabled us to get certified with ISO 14001 : 2015. Moreover, Laminates produced in our facility also meet the British European Standard BSEN 438 and the American NEMALD3 standard.

Our facility has a state-of-art chemical plant, which manufactures resins in the production of laminates. Having a modern plant allows plant allows our R&D Team to experiment with innovative materials to produce quality resins that will that will stand the test of time.

New Introduction:

This season our BOUNCER range has been upgraded by adding 4 New Textures. The newly introduced texture are.

PRODUCT WARRANTY

Company provides warranty that the product is free from any manufacturing defects and is suitable to use for normal and usual purpose. In case of any visual defects, the product should not be used, cut, or altered in any manner. Company liability will be limited to the extent the cost of product only.

The colour/shade may vary from lot to lot. Do inspect properly before using the product. Company will not entertain any claim if the product is cut or altered in any manner for any visual or appearance, shade change / difference.

PRODUCT CARE & MAINTENANCE

For cleaning the surface of the laminates, use dry cloth to wipe the stains. If needed ordinary liquid detergent (non-acidic) or ammoniated liquid can be used. After taking a trial on small portion Stain remover or industrial organic solvents can be used to remove stubborn stains in case if there is no problem. One should not use, wire or hard-plastic brushes, and abrasives to clean the surface.
Since, conventional laminates are made for interior decorations, should not be used for external use where there are chances for direct exposure to sunlight or any other sort of direct heat.
It is always recommended to keep the substrate horizontal while pasting the laminates. Immediate removal of pressure and vertical application should not be practised. Samples pasted in the folder represent the finish & design and not the actual thickness.
